An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

The Board of Patent Appeals and Interferences affirmed the rejection(s) against independent claim 1 (and dependent claims 2-13), but reversed all rejections against claim 14 dependent thereon. The independent claim and affirmed rejected claims 1-13 are cancelled by the examiner in accordance with MPEP § 1214.06 (I) (B) (1) and claim 14 has been re-written in independent form (with the limitations of parent claims 1 & 3 added to those of claim 14). Prosecution is otherwise closed.

The application has been amended as follows:

In claim 14, line 1, delete "The extender-arm according to claim 3,".

In claim 14, prior to the remaining part of line 1, add the entire contents of claim 1, except replace the "." with a --;--.

In claim 14, after the "--;" of the just added contents of claim 1, add the contents of claim 3 after "claim 1," but replace the ending "." with a "--;".

Cancel claims 1-13.
